Dear Mr. Dugger:

We are pleased to inform you that Freightgator Logistics, Inc., filer code BDU has been approved for participation in Remote Prototype Two. The Remote Team at Customs & Border Protection (CBP) Headquarters has reviewed your application and found that you meet the prototype's automation requirements.

In order to begin participation, it is necessary that you contact your ABI client representative and identify the ports in which you wish to file remote entries. This process is detailed in the February 25, 2003 Federal Register notice that amends the Remote Location Filing test. This notice and other information on the prototype are available via our Internet website at www.cbp.gov.

We look forward to testing the Remote Location Filing program with you. Your commitment to Remote Filing, CBP Electronic Invoice Program and Modernization Act implementation will prove to be a great contribution to this prototype. If you have any questions, please me at (202) 927-0915.

Sincerely,
